RE: PCRB Filing No. 329 – Proposed Effective April 1, 2022

Revised Edition of the ERM-6 Form

Dear Commissioner Altman:

On behalf of the members of the Pennsylvania Compensation Rating Bureau (PCRB), we hereby submit the proposed filing for a revised edition of the ERM-6 form used within the state. The revision is proposed to be effective as of 12:01 a.m., April 1, 2022 and coincides with changes resulting from PCRB's normal annual comprehensive loss cost revision, which will be filed with the Insurance Department later. The election of this effective date coordinates all changes to a single date.

The ERM-6 form is used by self-insured risks to submit payroll and loss data to the PCRB to calculate an experience rating for a specific rating effective date. Included with this proposed filing are the PCRB's staff memorandum detailing the proposed revisions to the ERM-6 form along with the updated version of the form. The memorandum and proposals were presented to the PCRB Classification and Rating Committee during its annual meeting on June 9, 2021. The proposed revisions will modernize the ERM-6 form and will better align it with the process and form used in other states.

The proposed ERM-6 form revisions are summarized below:

- Additional fields and rows to provide expanded risk information such as their FEIN and complete address
- Updated column headers
- Revised instruction page

Thank you in advance for your review and attention to this filing. The PCRB will be pleased to answer any questions you or the Insurance Department's staff may have regarding these proposals.

Sincerely,

William V. Taylor President

RE: Revised edition of the ERM-6

Background:

The Forms section of the PCRB's website historically has provided access to the ERM-6. The ERM-6 is a form used to submit experience rating data by self-insured risks when requesting the PCRB to calculate an experience modification for a specific rating date.

The ERM-6 listed on the PCRB's website is the 2002 revised edition and has not been updated since that time. The accompanying form is the modernized edition of the form allowing for expanded risk information, updated column headers and revised instructions. Despite the modernization of the form, the required data will not change.

Conclusion and Recommendation:

Staff proposes the filing of the revised version of the ERM-6 The proposed effective date of these changes is April 1, 2022, concurrent with PCRB's normal annual comprehensive loss cost filing. This will ensure the PCRB's website provides a version of the form like those provided by the NCCI and other independent states.

The proposed updated version of the ERM-6 is attached.
